Five brands, five very different customers.

Exotic car rentals, a software studio, handcrafted saunas, Kydex holsters and luxury detailing. Each site was built around how its buyer actually decides, books and pays.

LAUNCHPOINT PURPOSE-BUILT SOFTWARE

A software studio that sells the foundation, not just the build.

> “Welcome to what's next in software.”

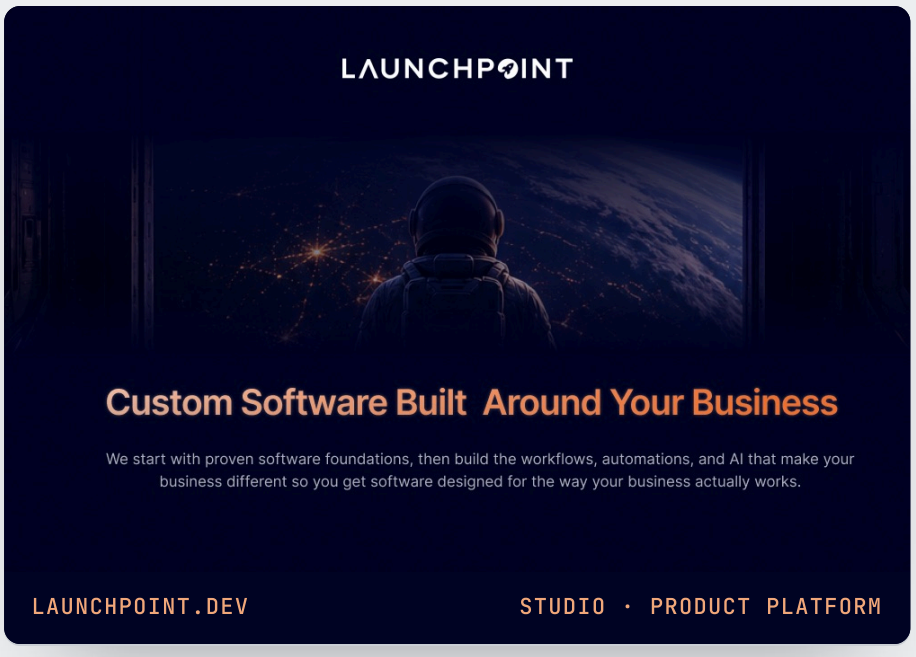

A deep-navy, space-themed site that explains a technical offer in plain terms: accounts, payments, CRM and dashboards come ready-made, so client budgets go into the parts that make their business different. Their in-product AI, Astra, gets its own story.

HAVOK HOLSTERS CUSTOM KYDEX HOLSTERS

Made-to-fit holsters, shot at the range they're built for.

> **“Precision Built. Carry with Confidence.”**

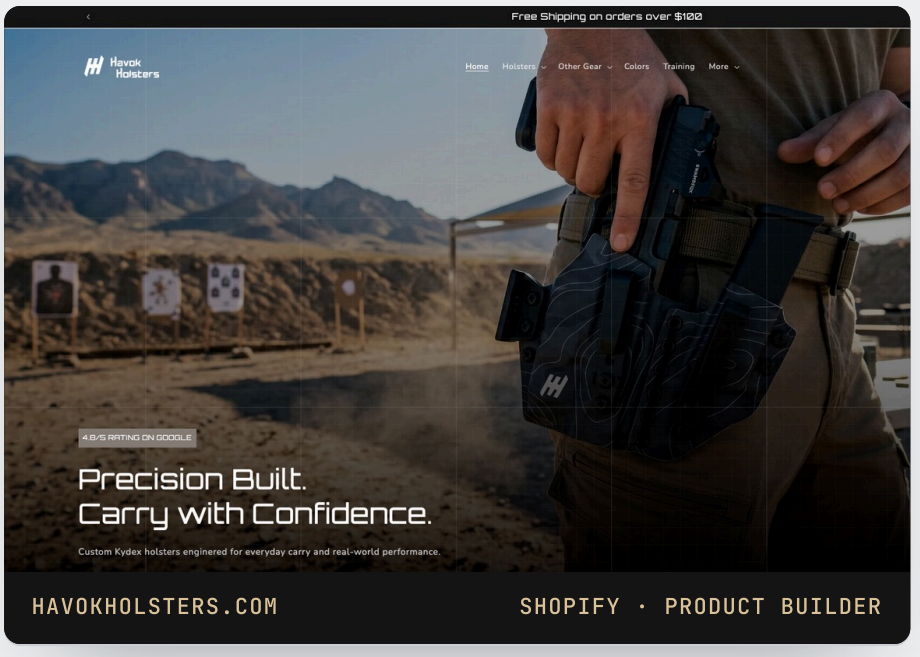

A rugged storefront for holsters built in Idaho to fit each customer's pistol, light and optic. The 4.8/5 Google rating sits right in the hero, and shoppers can sort by IWB, OWB or quick-ship models that go out in 1–3 days.
